

Cemstone has hundreds of trucks that operate everyday! Inevitably, these trucks need to be cleaned to keep them functioning and looking their best. Therefore, they use Concrete & Mortar Dissolver RM as part of their cleaning process. Tenon Concrete & Mortar Dissolver RM is specifically designed for use in the ready-mix industry to clean equipment while the concrete and mortar are still in their plastic state. These factors make it a great option for Cemstone's regular maintenance routine!
