

# TENON<sup>®</sup>

## Concrete & Mortar Dissolver RM

### PROJECT SPOTLIGHT · CEMSTONE FACILITY, ROSEMOUNT, MN

Cemstone has hundreds of ready-mix trucks that operate everyday in the Upper Midwest! Inevitably, these trucks need to be cleaned to keep them functioning at full capacity and looking their best. Cemstone uses Tenon Concrete & Mortar Dissolver RM as part of its routine cleaning process. Tenon Concrete & Mortar Dissolver RM is specifically designed for use in the ready-mix industry to clean equipment while the concrete and mortar are still in their plastic state. These factors make it a great option for Cemstone's regular maintenance routine!
